**PETITION UNDER 37 CFR § 1.48(a)**

The applicants respectfully petition the Director, under 37 CFR § 1.48(a), to correct the inventive entity for the present application.

As mentioned in more detail in Applicants' concurrent Petition Under 37 CFR §1.47(a), Broadcom Corporation acquired all rights in the present application from Intermec Technologies. All relevant assignment documents transferring rights from the named inventors to Broadcom are attached as Exhibit A.

In connection with the filing and prosecution of this case, Broadcom attempted to contact numerous Intermec employees to confirm the proper inventive entity for the claimed invention. On October 20, 2004, Applicants submitted its response to the Notice of Informal Application, which included a Supplemental Oath executed by two joint inventors – Ronald Mahany and Stephen Kelly. A copy of this oath is attached as Exhibit B.

Broadcom's diligence, however, has uncovered that a third inventor, Keith Cargin, should be named as an inventor in the present application. However, as described in further detail in Applicants' concurrent motion, Mr. Cargin has refused to sign an oath. Accordingly, Applicants were forced to petition to proceed without Mr. Cargin's involvement. In the event that the Patent Office grants Applicants' petition under 37 CFR

1.47(a), Applicants respectfully request that the Office accept the Second Supplemental Combined Declaration and Power of Attorney, attached as Exhibit C, which has been executed on behalf of Mr. Cargin by the joint inventors.

Applicants state that the omission of Keith Cargin in the original application and the Supplemental Declaration occurred without deceptive intent, and was caused only because Applicants' counsel could not contact Mr. Cargin.

The fee for this petition is understood to be \$130.00. 37 CFR § 1.17(i). Please charge this fee, and any additional fee presently required, to Deposit Account 13-0017.

Respectfully submitted,  
McAndrews, Held & Malloy, Ltd.
